I have had back and shoulder pain for years, and made many inquiries on chiropractic care. The only issue I had was finding a chiropractor that would take the time to thoroughly explain the process and the treatment to me in a way that made perfect sense to me.

Dr. Raoofi-Hamilton, made chiropractic care make sense to me, she took the time to explain the difference between a chiropractic doctor and your traditional medical physician. She taught me how a healthy spinal cord and proper alignment could change my health for the better. After undergoing treatment with her I can truly attest to the fact that the holistic care approach of a chiropractor has truly changed my health and way of living. Dr. Raoofi-Hamilton is an awesome physician and I couldn't image seeing anyone but her.
